

network events

Network events are planned throughout the year and are designed to provide informal opportunities for Christians to minister to their unsaved friends, family, neighbors and co-workers.

city-reaching cells

CRCs are designed for those investigating what it means to be a Christian and for all who are reaching their un-churched and unsaved friends, family, neighbors and co-workers.

People from all levels of spiritual development are welcome - from never having attended a church before, all the way to those who have spent the majority of their lives following Christ.

Please see the inside of this brochure for listings of CRCs meeting throughout the week.
