

NETWORK EVENTS

Network events are planned throughout the year and are designed to provide informal opportunities for Christians to minister to their unchurched friends, family and neighbors and co-workers.

CITY-REACHING CELLS

CRC's are designed for those investigating what it means to be a Christian and for all who are reaching their unchurched and unsaved friends, family and neighbors and co-workers.

People from all levels of spiritual development are welcome - from never having attended a church before, all the way to those who have spent the majority of their lives following Christ.

Please see the inside of this brochure for listings of CRCs meeting throughout the week.
